This press release revises the date of the NYS DEC public hearing from March 23 to April 6. All other hearing details remain the same.

States Schedule Hearings on Jonah Crab Draft Addendum I

Arlington, VA – The states of Maine through Maryland have scheduled their hearings to gather public comment on Draft Addendum I to the Jonah Crab Fishery Management Plan (FMP). The details of those hearings follow.

Maine Dept. of Marine Resources

March 17, 2016; 6-8 PM

Casco Bay Lines Conference Room
56 Commercial Street
Portland, Maine
Contact: [Terry Stockwell](mailto:Terry.Stockwell@maine.gov) at 207.624.6553

Rhode Island Dept. of Environmental Management

March 16, 2016; 6-9 PM

University of Rhode Island Bay Campus
Corliss Auditorium
South Ferry Road
Narragansett, Rhode Island
Contact: [Scott Olszewski](mailto:Scott.Olszewski@ri.gov) at 401.423.1934

Massachusetts Division of Marine Fisheries

March 14, 2016; 5:30 PM

New Bedford Fairfield Inn and Suites
185 McArthur Drive
New Bedford, Massachusetts
Contact: [Dan McKiernan](mailto:Dan.McKiernan@dmf.maine.gov) at 617.626.1536

New York State Dept. of Environmental Conservation

April 6, 2016; 6:30 PM

205 North Belle Mead Road, Suite 1
East Setauket, New York
Contact: [Rachel Sysak](mailto:Rachel.Sysak@dec.ny.gov) at 631.444.0469

March 15, 2016; 6:00 PM

MA DMF Annisquam River Field Station
30 Emerson Avenue
Gloucester, Massachusetts
Contact: [Dan McKiernan](mailto:Dan.McKiernan@dmf.maine.gov) at 617.626.1536

Maryland Department of Natural Resources

April 4, 2016; 2-4 PM

Greater Ocean City Chamber of Commerce
12320 Ocean Gateway
Ocean City, Maryland
Contact: [Craig Weedon](mailto:Craig.Weedon@dnr.state.md.us) at 410.643.4601 ext. 2113

The Draft Addendum proposes changes to the incidental bycatch limits for non-trap gear (e.g., otter trawls, gillnets) and non-lobster trap gear (e.g., fish, crab, and whelk pots). For non-trap gear, the Draft Addendum includes options to maintain, increase, or eliminate the bycatch limit, while options for non-lobster traps include establishing bycatch limits of varying size or maintaining no limit on these gears. The intent of the Draft Addendum is to cap incidental landings of Jonah crab while ensuring the inclusion of current participants in the Jonah crab fishery.

The Atlantic States Marine Fisheries Commission was formed by the 15 Atlantic coastal states in 1942 for the promotion and protection of coastal fishery resources. The Commission serves as a deliberative body of the Atlantic coastal states, coordinating the conservation and management of nearshore fishery resources, including marine, shell and anadromous species.

The FMP currently prescribes a 200 crab per calendar day/500 crab per trip incidental bycatch limit for non-trap gear; however, concerns were expressed over the appropriateness of these limits. Data submitted by the New England Fishery Management Council and NOAA Fisheries illustrate while 97-99% of trips from 2010 through 2014 were within the current limit, there were several trips above the limit. Furthermore, current bycatch landings were sufficiently low, accounting for approximately 0.1% of total landings.

Bycatch limits for non-lobster trap gear were added as a second issue for consideration in the Draft Addendum to address concerns regarding the lack of effort controls on non-lobster traps and the potential for trap proliferation. Data submitted by NOAA Fisheries show between May 1, 2013 and August 31, 2015, 194 trips landed Jonah crab with whelk pots, crab pots, and fish pots. Of these, 80 trips landed 100 crab or fewer and 115 trips landed 200 crab or fewer. Approximately 45 trips landed between 200 and 500 crab and 40 trips landed more than 450 crab. Landings from Maryland show between 2012 and 2015, 33 trips landed Jonah crab with fish pots. All of these trips were under 200 pounds. Reports also indicated from 2014-2015, 36 trips landed Jonah crab with whelk pots. Average landings per trip with whelk pots were under 500 pounds; however, there is concern that these whelk pot landings may in fact be rock crab, a closely related species which is often misreported as Jonah crab.

Fishermen and other interested groups are encouraged to provide input on the Draft Addendum either by attending state public hearings or providing written comment. The Draft Addendum can be obtained at http://www.asmfc.org/files/PublicInput/JonahCrabDraftAddendumI_PublicComment_Feb2016.pdf or via the Commission's website, www.asmfc.org, under *Public Input*. Public comment will be accepted until **5:00 PM (EST) on April 18, 2016** and should be forwarded to Megan Ware, FMP Coordinator, 1050 N. Highland St, Suite A-N, Arlington, VA 22201; 703.842.0741 (FAX) or at mware@asmfc.org (Subject line: Draft Addendum I).
